Dear Mr. Sharma-Holt:

This will acknowledge receipt of the Intervenor's e-filed January 24, 2011 Opposition to the Petitioner SPFPA's Request for Review of the Regional Director's Decision and Order and request for an extension of time to file the opposition in the above proceeding.

Section 102.67(e) of the Board's Rules and Regulations states that "[a]ny party may, within 7 days after the last day on which the request for review must be filed, file with the Board a statement in opposition thereto, ..." Because the due date for the Request for Review was January 11, 2011, any opposition to the Request for Review in this matter was due no later than close of business on January 18, 2011. Accordingly, because your opposition was received by the Board on January 24, 2011, it is untimely filed and cannot be forwarded to the Board for consideration.

In addition, Section 102.111(b) of the Board's Rules and Regulations states, "[w]hen the Act or any of these rules require the filing of a motion, brief, exception, or other paper in any proceeding, such document must be received by the Board or the officer or agent designated to receive such matter before the official closing time of the receiving office on the last day of the time limit, if any, for such filing or extension of time that may have been granted.... A request for an extension of time to file a document shall be filed no later than the official closing time of the receiving office on the date on which the document is due. Requests for extensions of time filed within three days of the due date must be grounded upon circumstances not reasonably foreseeable in advance."

Thus, your request for an extension of time was filed 6 days after the due date for filing an opposition to the Request for Review, and therefore is untimely. Moreover, the request is not based on “circumstances not reasonably foreseeable in advance.” Based on the foregoing, your request for an extension of time is rejected.

Very truly yours,

/s/Henry S. Breiteneicher
Associate Executive Secretary
